Megaliths, medieval dungeons, and Calypso's Cave – The Maltese Islands are positively mythic. The narrow streets of their towns and villages lead to the main square, dominated by the huge baroque church. As the countryside is dotted with medieval towers, wayside chapels and the oldest known human structures in the world, the Islands have rightly been described as an open-air museum.

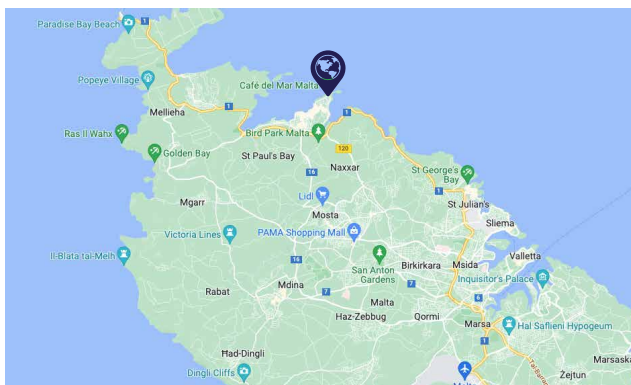

Malta is the largest island and the cultural, commercial, and administrative centre. Gozo is the second largest island and is more rural, characterised by fishing, tourism, crafts, and agriculture. Comino, the smallest of the trio, has one hotel and is largely uninhabited.

With superbly sunny weather, attractive beaches, a thriving nightlife and 7,000 years of intriguing history, there is a great deal to see and do. The cooler temperatures in the winter are perfect for those who want to explore the island and experience its history.

The AX Sunny Coast Resort is located in Qawra, a quiet tourist spot along the coast in the northern region close to Buġibba and St. Paul's Bay.

The seaside promenade that runs alongside the coastal area of Qawra stretches over 3.5 kilometres past Buġibba and ends at the top of Xemxija Hill (which is part of St. Paul's Bay).
